Business Strategy Update

2022 Key strategic updates

KLUDI Group 100% Acquisition

KLUDI Group's consolidation with the financial statements of RAK Ceramics PJSC was made with effect from 1st of June 2022.

RAK Ceramics has initiated a value creation plan that prioritizes a turn-around strategy and capitalizes on synergies.

The progress of the plan's implementation is being carefully monitored and the impact can be expected to reflect starting of 2024.

Greenfield Expansion in Bangladesh

Greenfield expansion in Bangladesh is expected to add Tiles capacity of 4.8m sqm and Faucets plant for 400k pcs.

Land acquisition, title ownership and registration process completed along with obtaining NOC and approvals from Municipal bodies.

In parallel, team is working on shortlisting consultant for designing layout of faucets factory & premises.

RAK Porcelain Minority Buy-out

RAK Ceramics increased its ownership in RAK Porcelain, the company's tableware division, to 92% by acquiring a total of 42% stake in 2022 through an all-cash proposal offered to minority shareholders.

RAK Porcelain acquired 9% minority position in its subsidiary, RAK Porcelain Europe S.A., reaching a 100% stake.

Land Allocation in Saudi Arabia

RAK Ceramics has filed an application with Marafiq to support with transfer of previously obtained Gas allocation approval from KAEC to Yanbu.

RAK Ceramics' technical team is working jointly with local consultants to prepare the factory layout plan and seek environmental clearances and approvals in parallel.

2022 Key Market Updates

United Arab Emirates

Strong performance bolstered by solid market fundamentals; showroom refurbishments, promotional discounts and international fairs participation increased further brand visibility and strengthened positioning in 2022.

E-commerce continued picking up following increased marketing efforts.

Saudi Arabia

Performance was marginally improved accounting for the full year impact of the custom duty and given rising local competition and price wars. Top-line growth remained strong driven by retail and project business, where focus remains, with further retail expansionary plans and increased efforts on securing mega-projects.

India

Strong performance supported by expanding dealer's network and retail footprint with the opening of a 5 new showrooms in 2022.

Performance remained solid following growth in top-line and improved efficiencies, hindered however by rising energy costs and currency devaluation.

Bangladesh

Macroeconomic conditions weighed heavily on performance in 2022; currency devaluation halted top-line growth and gas supply shortages caused production disruption till the 7th of December.

Effective February, energy price will increase by >150%; management closely monitoring situation.

Europe

Slowdown in economic activity reflecting growth on in 2022; pressure on performance has been reduced following exchange rate correction and freight rate drops.

Focus is to strengthen brand visibility, to accelerate project strategy and to expand e-commerce segment.

Tableware

Robust growth in top-line on the back of strong demand, mostly from regional markets, and differentiated offering. Performance remained solid despite impact of rising input costs; further improvement is estimated given drop in transportation costs and currency correction.

Focus is to strengthen brand presence and invest in innovation and design.

Faucets

Drop in demand in Europe as a result of geopolitical and economic challenges; performance was highly impacted during the year following higher input and energy costs.

Management launched a turn-around strategy for KLUDI with a clear value creation plan; impact to be felt starting 2024.

2022 Key marketing updates

Closer look... KLUDI Group acquisition

MANAGEMENT COMMENTS

The acquisition of KLUDI Group by RAK Ceramics is a strategic move that presents an opportunity for RAK Ceramics to lead expansion and fortify its core businesses in European markets. The addition of KLUDI's brand is expected to complement RAK Ceramics' existing suite of products and enhance its offering in the sanitaryware and faucet business. This will strengthen RAK Ceramics' position internationally as a leading provider of ceramic lifestyle solutions.

To support KLUDI's growth strategy, RAK Ceramics plans to leverage its global presence and expand the brand's reach beyond Europe, while preserving its unique identity. Following the transaction's completion, management has launched an integration process aimed at unlocking synergies and ensuring a seamless transition while mitigating integration risks.

Overall, RAK Ceramics' acquisition of KLUDI Group represents a significant opportunity to expand its business and enhance its positioning in the global market.

Strategic initiatives outlining the integration process

- Strengthen sales by cross-selling and leveraging on existing channels
- Optimize brand portfolio and maximize value
- Rationalize footprint to improve operational efficiencies
- Upgrade existing facilities and invest in modern technologies
- Launch new products complementary to existing offering
- Align team and culture with group strategy while preserving brand identity
- Incorporate smart engineering solutions driving further sustainability

Revisiting RAK Porcelain acquisition

MANAGEMENT COMMENTS

RAK Ceramics successfully closed acquisition of 42% stake in RAK Porcelain in 2022, bringing its total holdings to 92%.

Additionally, RAK Porcelain attained full ownership of its subsidiary, RAK Porcelain Europe S.A., by acquiring the remaining 9% minority position.

This move is in line with RAK Ceramics' priorities to strengthen its tableware business and finance its growth strategy. RAK Porcelain is committed to surpassing pre-pandemic levels by expanding its sales outreach, increasing its manufacturing capacity, and growing its product offering.

With these developments, RAK Ceramics and RAK Porcelain are well-positioned to further strengthen their reach in the tableware industry and drive growth in the years ahead.

Strategic direction behind minority stake buy-out

Unlock brand value and support fast-growing core business with untapped potential

Sustain and drive top-line growth by funding production expansionary projects

Enhance governance given now-consolidated shareholder base

Leverage on current market conditions and macroeconomics

Expand product portfolio and sales channels building on RAK Ceramics existing foundations

Align and unify shareholder aspiration on growth potential

2022 Key sustainability updates

Introducing Online Mosaic Process

Online mosaic production system enabling the efficient production of mosaic tiles using less energy and less manpower

Online Mosaic Tile Project

Recycling Rejected Tiles

Recycling equipment, allowing for the 100% reuse of fine powder generated by broken or wasted-fired porcelain tiles as input, with a capacity of up to 50,000 metric tons of powder per year

Upgrading Design Scanning Solutions

Design development scanner, allowing for optimized production and elevated design capabilities with its enhanced scanner format and higher optical resolution

Fired Tile Crusher Plant

Enhancing glazing system

Digital glazing system that fully automates glaze levels, allowing for 30-45% reduction in glaze waste by eliminating shade variation caused by glaze weight variation

Introducing E-bikes

70 e-bikes across UAE manufacturing facilities, allowing for a reduced emission, noise pollution and environmental impact

Electronic Vehicle Initiative

2022 Key challenges

Critical Parameters	Key Challenges	Our Action
High Inflation	High inflation , seen today no longer accelerating, sparked interest rate hikes from central banks in effort of taming inflation	<ul style="list-style-type: none"> • Translate increase in incurred costs onto selling prices while remaining in line with the market • Closely monitor and manage Cash Flows focusing on optimizing debt position and reducing time on idle cash
Energy Crisis	Vulnerable supply coupled with an on-going Russia-Ukraine conflict resulted in an increase in energy prices , however seen most recently to be off their peaks	<ul style="list-style-type: none"> • Maintain renegotiated formula with local UAE suppliers • Absorb increase in energy costs across India & Bangladesh, translating increase onto pricing in-line with competition • Optimize production footprint, efficiencies & utilization
Recessionary Fears	Devaluating currencies , given increased uncertainty and raised worry of a global recession; correction for GBP & EUR has been felt most recently	<ul style="list-style-type: none"> • Opt for natural currency hedging techniques to limit working capital exposure • Focus on diversified revenue streams geographically to minimize bottom line effect
Supply Chain Challenges	Freight rates , heightened previously following supply chain dislocation, are on a sharp downward trend	<ul style="list-style-type: none"> • Easing on the bottom-line has been recorded given reduced transportation costs; full impact to be materialized in 2023
Trade Challenges	Custom Duty in Saudi Arabia on imports from the UAE burdening distributors	<ul style="list-style-type: none"> • Continued effort to comply with local laws to avail custom duty exemptions

2023 Priorities

Financial Highlights

FY 2022 Highlights

2022 in Brief

- **Record-high full year performance for 2022** despite challenging economic environment, successfully achieved on the back of **growth across all core businesses** and translating into an **all-time high net profit**.

Volatility has dominated the global business environment in FY 2022

- **High inflation**, however no longer accelerating, prompted by commodity shocks and supply chain dislocation; to tame inflation, central banks have initiated in 2022 **interest rate hikes**, leading to an increase in net interest exposure
- Persistent **energy crisis** despite recent correction, fueling energy supply shocks, as seen most recently in Bangladesh, and increase in gas prices
- Looming **global recessionary fears** realizing **currency devaluation** across several markets; business activity in Europe recently shrank, however less than expected; GCC markets remain resilient showing strong growth and increase in consumer spending; South Asian markets' momentum have slowed down given rising living costs
- **Freight rates** are on a sharp downward trend due to reduced demand and increased vessel supply

2022 initiatives aiming to strengthen our position in face of market turbulence

- **Solidified retail presence** with further showroom openings in UAE, UK, Bangladesh and India
- Earned several **recognition awards**, strengthening **brand perception** in terms of design & innovation **Sustained gross profit margin** on the back of improved production efficiencies and optimized utilization to match demand, however hindered most recently by natural gas shortage in Bangladesh
- Rolled out execution of **UAE expansion projects** – Tiles renovation project (commercial production in Q1 2023) and sanitaryware capacity enhancements (production ramped up, full utilization estimated for 2023)
- Advanced on **greenfield expansionary fronts** seeking environmental clearances and approvals in Bangladesh and transfer of gas allocation approval in Saudi Arabia
- Launched **value creation plan of KLUDI** focusing on a turn-around strategy and leveraging on synergies; implementation progress is being closely monitored
- Completed further **RAK Porcelain minority stake buyout**, reaching 92% stake as of the 31st of Dec 2022; separately, RAK Porcelain has acquired 9% in its subsidiary, RAK Porcelain Europe S.A. reaching 100% stake
- In-line with its dividend policy commitment, **the Board proposed** to distribute semi-annual **cash dividend of 10 fils per share** for second half of 2022.

MANAGEMENT COMMENTS

Robust performance on the back of improved top-line, margins hindered however by rising energy costs and currency devaluation. Production efficiency have improved and energy consumption was reduced following installation of energy-saving instruments.

Revenue in 2022 increased by 6.0% year on year, to AED 439m, in Local currency growth is 12.5% YoY supported by expanding dealer's network and retail footprint with the opening of a 5 new showrooms in 2022 and another 5 showrooms to be added in 2023.

GP margin is lower by 1.1% YoY in 2022 mainly due to increase in energy prices.

Despite increase in energy prices, minor price adjustments were applied across the local ceramics industry; we remain in-line with peers and focused on preserving market share.
